

Euan's Challenge

Euan's Challenge is designed to get locals reviewing their town or city to help disabled people visiting for the first time. The more places we can review, the better!

Euan asks that you review 6 places in your area. Where you review is up to you, but we've included a few suggestions to help you get started!

Send and share!

Once you have submitted 6 reviews, let us know. You'll be awarded points for completing the challenge.

You can also take a picture with your completed challenge and share it with us @EuansGuide using **#EuansChallenge!**
